The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh Hall's Catarrh cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case it fails to cure. Send for list of testimonials. Address F. J. Cheney & Co., Toledo, O. The Farmers Home Journal says: "The largest real estate deal pulled off in Elizabethtown, Ky., in many years, was consummated a few days ago. John H. Haman, a farmer, residing near town, sold a half interest in the sands and all minerals on five acres of his farm near Elizabethtown to Mrs. Mary Kennedy, of Louisville. The consideration was \$22,500. Mr. Haman bought the farm of 105 acres at a Master Commissioner sale, held at Elizabethtown, May 9, 1897, paying \$900 cash for the entire tract. Under the stipulations of the recent deed he retains the land, only selling an undivided interest in the output of the land and other minerals, if there be any."

The Washington office of the Panama California Exposition receives a paper called the Rocky Mountain Times, of Salt Lake City. The Washington Commissioner recently wrote to the Times, saying: "If the editor of the Rocky Mountain Times would be good enough to mark the notices he prints in his valuable and interesting journal, it would be very much appreciated, and save the time necessary to read the entire paper."

As the times is printed in Chinese, the time required to read it would be considerable.
